Vandal Layer Film

Protect your Glass from Vandalism

1-Layer

2-Layer

4-Layer

Protect your Glass from Vandalism

Available in 1-Layer, 2-Layer, and 4-Layer configurations, INPS Vandal Layer Films act as a sacrificial protective barrier that absorbs damage from graffiti, scratchiti and everyday wear. When the exposed surface becomes damaged, the affected layer is simply removed, revealing a fresh optically clear surface beneath.

1-Layer

2-Layer

4-Layer

Markets

Rail & Transit

Hospitality

Commercial Buildings

Schools & Universities

Healthcare

Retail

Public Transportation

Municipalities

Restaurants

Stepped Edge Technology

Stepped Edge is typically found in the top right hand corner. Steps indicate how many layers. Use the pick to start the release on the edge and pull once it's started.

Low profile and low visibility, most riders do not even notice or see the Stepped Edge.

Easy to Use!
Not Noticable!

Why

1LF, 2LF, and 4LF Layer Film?

Vandalism can leave a lasting impression on your clients and customers. Utilizing Graffiti Shield to protect items from being vandalized keeps your property:

Looking New • Clean Environment • Protected Safe Environment • Reduces Further Vandalism
